David R. Raubvogel, Senior Geologist
DAMES & MOORE
500 Market Place Tower
2025 1st Avenue
Seattle, WA 98121

Dear Mr. Raubvogel

Re: Additional Groundwater Remediation & Confirmational Soil Sampling,
VCP, Former Forest Park Cleaners, 17171 Bothell Way N.E. Lake Forest
Park, WA. 98155. TCP I.D. #NW0167.

Thank you for submitting your Work Plan for Additional Groundwater Remediation & Confirmational Soil Sampling and request for Ecology's review and advise. Ecology appreciates your initiative in pursuing a voluntary cleanup under the Model Toxics Control Act.

The Washington State Department of Ecology's Toxics Cleanup Program has reviewed the following information regarding the Former Forest Park Cleaners, located at 17171 Bothell Way N.E. Lake Forest Park, WA. 98155:

1. Work Plan – Additional Groundwater Remediation & Confirmational Soil Sampling, VCP, Former Magic Cleaners, 17171 Bothell Way N.E. Lake Forest Park, WA. 98155. Project #28171-927-005 by DAMES & MOORE, April 5, 2000.

Based upon the information listed above, Ecology has determined that, at this time:

1. The Work Plan for Confirmational Soil Sampling is adequate and will meet our expectation to close the soil concerns for the site.
2. We understand that after the hydrogen peroxide injection with gravity feed system, that you will conduct groundwater sampling. Please send a copy of the groundwater analytical results to us as soon as they become available.

Please note that because your actions were not, or will not be conducted under a consent decree with Ecology, this letter is not a settlement by the state under RCW 70.105D.040(4)

Additional Soil Confirmation Sampling
And Groundwater Remediation
Former Forest Park Cleaners, TCP ID#NW0167
June 8, 2000

and is not binding on the agency. Further action could be required at your site regardless of how strictly you follow Ecology's advice.

The opinions presented by Ecology in this letter are made only with respect to the information provided in the report and document(s) listed above. This opinion is only applicable to the specified site (or area of site) and may not be used to justify action at another site (or area of the site.)

Ecology does not assume any liability for any release, threatened release or other conditions at the site, or for any actions taken or omitted by any person or his/her agents or employees with regard to the release, threatened release, or other conditions at the site.

Again, thank you for taking the initiative to voluntarily address the contamination at your site. Your efforts are recognized by Ecology as a positive step in our work to protect human health and the environment in Washington State.

If you have any questions regarding this letter, please contact me at (425) 649-7112.

Sincerely,

A handwritten signature in black ink, appearing to read "Nnamdi Madakor", with a stylized flourish at the end.

Nnamdi Madakor,
Senior Hydrogeologist
Toxics Cleanup Program, Northwest Regional Office
