Re: Notification of Pending Inactive Determination Status for the following Hazardous Waste Site enrolled in the Voluntary Cleanup Program (VCP):

- Site Name: Honeywell
- Site Address: 9555 SE 36th St, Mercer Island, WA 98040
- Facility/Site No.: 7855327
- VCP No.: NW1365

Dear Mr. Samis:

This is a follow-up to the Notification of Pending Inactive Determination letter (Notification letter) we sent to you on July 4, 2007. The Notification letter requested a site status update from you within 30 days of the date of the letter. Because we did not receive the update by May 10, 2007, we are removing your site from the VCP.

The status of this site has been updated in Department of Ecology's database of contaminated sites. Once you are ready to pursue cleanup activities, you are welcome to reapply to the VCP. If you have any questions you may reach me at 425-649-7202.

Sincerely

Joe Hickey
Acting VCP Unit Supervisor
