<http://www.ecy.wa.gov/programs/tcp/vcp/vcp2008/vcpForms.html>

Requests for Written Opinions

In your application, you requested a written opinion on the sufficiency of your cleanup actions. Ecology will review the documents you submitted and provide you a written opinion within about 90 days.

Reporting Requirements

When requesting written opinions on planned or completed remedial actions, please comply with the following reporting requirements:

1. **Licensing.** Documents submitted containing geologic, hydrologic, or engineering work must be under the seal of an appropriately licensed professional, as required by Chapters 18.43 and 18.220 RCW.
2. **Data Submittal.** Environmental sampling data must be submitted in both a printed form and an electronic form capable of being transferred into our data management systems. For instructions on how to submit data, please refer to the following web site: www.ecy.wa.gov/programs/tcp/data_submittal/data_requirements.htm.

Failure to comply with these requirements may result in unnecessary delays.

Payment

Ecology will send monthly invoices to you, the billing contact designated in the Application Form. If someone replaces you as the billing contact or your contact information changes, please submit a Change of Contact Form. The Form is available on the VCP web site.

The invoice will include a summary of the costs incurred, payments received, identity of staff involved, and the amount of time spent on the Project during the previous month. Payment is due within thirty days of the invoice date. For more information on the billing system, please refer to the VCP web site.

Site Status

Under the Model Toxics Control Act (MTCA), Ecology maintains a list of contaminated sites. Based on your VCP application, Ecology has determined that remedial action is required at the Site under MTCA and has added the Site to the list. Your cooperation in planning or conducting remedial actions at the Site is appreciated and is not an admission of guilt or liability. This "Early Notice" is required under WAC 173-340-310(6)(b).

Contact Information

We are committed to working with you to accomplish the prompt and effective cleanup of the Site. Again, if you have any questions about the VCP or your Project, please contact Ms. Glynis Carrosino at (425) 649-4422.

Sincerely,
