Cathy Frey AA Enviro Assessment, Inc. 202 Lybarger Rd. NE Olympia, WA 98506

Dear Ms. Frey:

Please find enclosed the data report for analyses of soil samples conducted August 6, 1997, for the Vashon/3 Tanks Project in Vashon, Washington. The soil samples were analyzed for Gasoline, Diesel and Kerosene by WTPH-Gx and WTPH-Dx.

The results of these analyses are summarized in the attached table. All soil values are reported on a dry weight basis. Applicable detection limits and QA/QC data are included. An invoice for this analytical work is also enclosed.

TEG Northwest appreciates the opportunity to have provided analytical services to AA Enviro Assessment for this project. If you have any further questions about the data report, please give me a call. It was a pleasure working with you on this project, and we are looking forward to the next opportunity to work together.

Sincerely,

Michael A. Korosec

michael a Korosee

President
