**Re: Termination of VCP Agreement for the following Site:**

- **Site Name:** Leather Care, Inc.
- **Site Address:** 901 Elliott Ave W, Seattle WA 98119
- **Facility/Site No.:** 35254363
- **CS ID:** 2855
- **VCP Project No.:** NW1805

Dear Ms. Morrill:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. NW1805. The project involved the cleanup of the Leather Care Inc facility (Site). The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

**Reason**

Ecology is terminating the Agreement because we understand that you are not actively cleaning up the Site. On June 20<sup>th</sup> 2012, we sent you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup. You responded by letter on July 12<sup>th</sup> 2012. After considering your response, we have decided to terminate the Agreement.

Monitored Natural Attenuation is not actively remediating the contamination at this Site.

**Next Steps**

Based on this decision, Ecology may take one or more of the following steps:

1. Send you an invoice for any costs remaining on your account. In accordance with the terms of the Agreement, you remain responsible for any costs incurred by us before the effective date of termination.
2. Conduct a site hazard assessment (SHA) and rank the Site for further action.

You may apply to reenter the VCP if you decide to conduct further action at the Site.

**Contact Information**

Ecology is committed to working with you to accomplish the prompt and effective cleanup of the Site. If you have any questions about this notice, please contact me at 425.649.7038.
