Re: Notification of Pending Inactive Determination Status for the following Hazardous Waste Site enrolled in the Voluntary Cleanup Program:

- Name: Westlake Properties
- Address: 761 Highland Drive, 1111, 1121, 1207, and 1219 Westlake Avenue North, Seattle, WA 98109
- Facility/Site No.: 7129620

Dear Mr. Edwards:

Our records indicate that you applied for the Voluntary Cleanup Program (VCP) on May 12, 2008. The Department of Ecology (Ecology) appreciates your initiative in pursuing this administrative option for cleaning up hazardous waste sites under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW.

The VCP is staffed to provide assistance to applicants who are actively pursuing site cleanup. Our records indicate that we have not received information regarding your progress on this site's clean up in the past twelve months. If you are still actively cleaning this site you have 30 days to provide a work summary, report, or other documentation that demonstrates you have taken cleanup actions during this past 12 months.

If no cleanup activities have occurred during the past year, or we do not hear from you by July 9, 2011, this site will be removed from the VCP due to inactivity. The status of this site will be updated in Ecology's database of contaminated sites.

Due to significant interest in the Voluntary Cleanup Program we are not able to keep inactive sites in the program. If this site is deemed inactive, we encourage you to reapply to the VCP when you are ready to actively continue site cleanup. Your commitment to site cleanup is greatly appreciated. If you have any questions you may reach me at (425) 649-7038.
