Dear Mr. Edwards:

Our records indicate that you applied for the Voluntary Cleanup Program (VCP) on May 12, 2008. The Department of Ecology (Ecology) appreciates your initiative in pursuing this administrative option for cleaning up hazardous waste sites under the Model Toxics Control Act (MTCA), Chapter 70.105D RCW.

To our knowledge, no cleanup activities have occurred during the past year, nor have we heard from you. We have made multiple attempts to contact you by certified mail, e-mail, and phone unsuccessfully. Ecology sent you a certified mail notification letter of Pending Inactive Determination Status on June 9, 2011, and the letter was returned unopened and postmarked "not deliverable, unable to forward". Based on this information, and your failure to provide us with a current address, this site will be removed from the VCP due to inactivity. The status of this site will be updated in Ecology's database of contaminated sites.

Due to significant interest in the Voluntary Cleanup Program we are not able to keep inactive sites in the program. If this site is deemed inactive, we encourage you to reapply to the VCP when you are ready to actively continue site cleanup. Your commitment to site cleanup is greatly appreciated. If you have any questions you may reach me at (425) 649-7038.

Sincerely

Auss a
