Re: Termination of VCP Agreement for the following Site:

Site name: Metal Marine Pilot Inc
Site address: 2119 Mildred St W, Fircrest, Pierce County, WA 98466
Facility/Site ID: 84252573
Cleanup Site ID: 3615
VCP Project No.: SW1682

Dear Troy Eaton:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. SW1682. The project involved the cleanup of the Metal Marine Pilot Inc facility (Site). The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

Reason

Ecology is terminating the Agreement because we understand that you are not actively cleaning up the Site. On July 25, 2023, we sent you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup. You did not respond to that request. Since we have not heard from you, we have decided to terminate the Agreement.

Next Steps

Based on this decision, Ecology may take one or more of the following steps:

1. Send you an invoice for any costs remaining on your account. In accordance with the terms of the Agreement, you remain responsible for any costs incurred by us before the effective date of termination.
2. Conduct a site hazard assessment (SHA) and rank the Site for further action.
3. Identify those persons we find potentially liable for cleanup of the Site.
4. Initiate discussions for an agreed order or consent decree that will govern further action at the Site.
