Re: Marshall Landfill, CSID No 1022, FSID No. 648. – Request for Transfer of Residual Funds Held by the County of Spokane

Dear Lisa Breen:

Thank you for the information that you provided my in our telephone conversation regarding the residual funds for the Marshall Landfill Site (Site) currently held by the County of Spokane (County).

Ecology appreciates that the County is willing to transfer these funds to the Dept. of Ecology (Ecology). Per your request on how Ecology is planning to use these funds, Ecology is planning to use these funds for the ongoing groundwater monitoring program at the Site.

In accordance with your e-mail dated December 1, 2023, we will address how the funds will be transferred upon the County's approval of the funds transfer.

If you have any questions or need additional information please contact me.

Best regards,

Christer Loftenius
Toxics Cleanup Program
Project Manager
