Next Steps: After the close of the comment period, Ecology will review and consider all comments received as we finalize the documents and respond accordingly.

I feel reassured knowing the SCIDpda will be developing the site. I hope for trees ^{large} out front that can grow super tall & shade this neighborhood. We also need hospitality for the unhoused. If by chance it includes a crisis receiving center, I'd like it named: The Dog House.

Subject: Open House Comment Response

Hi Julie,

Thank you for your comment at our open house. We appreciate your input and are glad you were able to make your voice heard. Ecology's role with this cleanup is to help get rid of the present contamination to protect human health and the environment. Once this is complete, SCIDpda will develop the site. If you'd like more information on what their plans are, check out their website at scidpda.org. If you have further questions for Ecology, you may reach our Site Manager at Zak.Wall@ecy.wa.gov, or myself at Augie.Nuszer@ecy.wa.gov.

Many thanks,
