Dear Lisa Breen:

Thank you for the information that you provided in our telephone conversation regarding the residual funds for the Marshall Landfill Site (Site) currently held by the Spokane Regional Health District (District).

Ecology appreciates that the District is willing to transfer these funds to the Department of Ecology (Ecology). Per your request on how Ecology is planning to use these funds: Ecology is planning to use the funds for groundwater monitoring at the Site.

If you have any questions or need additional information please contact me.
