Dear Luke Thies and Thomas Finnerty:

Ecology received an email from your consultant, Floyd | Snider, on April 15, 2024, requesting an extension for submittal of the Supplemental Remedial Investigation Data Gaps Work Plan (work plan) required under Agreed Order No. DE 16129. The revised work plan was due on May 14, 2024. Because additional time is needed to incorporate Ecology comments into the work plan, you are requesting a schedule extension for the work plan to be submitted by June 13, 2024. Ecology grants your request for an extension for submitting the work plan to June 13, 2024. Note that Ecology initially approved your request through an email dated April 16, 2024, however, this letter serves as an integral part of the administrative record for this site.

Sincerely,

Chris DeBoer, LHG
