Agreed Order No.: DE 5095

Dear Eric Rapp:

The Washington State Department of Ecology (Ecology) received draft Pre-Design Investigation (PRDI) Step 2 Work Plans on January 24, 2024. Separate work plans were provided for Uplands and Marine Area investigations. Following Ecology's comments on the draft work plans that we provided in February and early March 2024, revised work plans and comment responses were submitted to Ecology on March 22, 2024 for the Uplands Areas, and on March 28, 2024 for the Marine Areas.

Ecology provided email concurrence on the revised Uplands and Marine Area Work Plans on March 28, 2024, and April 11, 2024, respectively. Final work plans were provided to Ecology on April 4, 2024 and April 19, 2024, respectively.

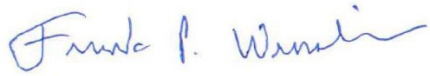

This letter is to provide Ecology's approval of the final work plans received by Ecology on April 4, 2024, and April 19, 2024.

As discussed via email, please keep Ecology up to date on scheduling of the execution of the field work proposed within these work plans.

Please call or email me with any questions regarding this letter.

Eric Rapp
