Subject: DTG Agreed Order No. DE 21624 - Requested Extension for Draft Limited RI Work Plan

External Email

Hi, Luke.

Thanks for the review call this morning.

DTG is requesting an extension for submittal of the Draft Limited RI Work Plan. The current scheduled delivery is May 1, 2024. We would like to postpone delivery until May 31, 2024. The reasons for the extension follow.

1. We are reviewing the data from the recent air assessment and would like to be able to incorporate this information into the draft.
2. We have finalized PFAS-free groundwater monitoring well pump selection and would like to be able to incorporate this information into the draft.
3. The PFAS-free groundwater monitoring well pump selection also needs to be incorporated into an update to the Sampling and Analysis Plan.
4. Based on current monitoring of the fire suppression response, we would like to discuss with our consultants and include information pertaining to potential additional action requirements into the draft.

Please let me know if a May 31, 2024 delivery date is acceptable.

Thanks,
Ian
