Re: Application acceptance – Voluntary Cleanup Program

Site name: 503 Bella St

Site address: 503 Bella St, Sedro-Woolley, WA 98284

Facility/Site ID: 99999771
Cleanup Site ID: 16833
VCP Project No.: NW3393

Dear Michael Pereira:

The Department of Ecology (Ecology) accepted your application to the Standard process of the Voluntary Cleanup Program (VCP) for the 503 Bella St facility (Site). We applied your initiative and welcome your interest in the VCP. This letter provides important information on how we will review your VCP cleanup project (project) at the Site.

Agreement

We completed and signed your Standard VCP agreement for the project on May 29, 2024. This date is the effective date of the agreement. A copy or your signed agreement is <u>enclosed</u>.

Identification numbers

We have assigned a unique name and number to your Site. This information is listed on the first page of your Standard VCP agreement (<u>enclosed</u>). When contacting us, please reference this information to identify your project.

Communications

Unless otherwise requested, we will communicate directly with your project manager, Michael Pereira, as listed on your VCP application form. If you replace your project manager, or their contact information changes, please submit a completed change of contact form.¹

We have assigned the following site manager as our point of contact for your project:

David Unruh
Toxics Cleanup Program, Northwest Regional Office (NWRO)
Department of Ecology
PO Box 330316, Shoreline, WA 98133
206-459-6287
david.unruh@ecy.wa.gov

Request for written opinion

In your application, you requested a written opinion on the sufficiency of your completed cleanup action. We will review your submitted document and expect to provide a written response within approximately 90 calendar days.

Reporting requirements

When requesting written opinions, you must comply with the following reporting requirements to avoid unnecessary delays in the VCP process:

- **Licensing.** You must submit documents containing geologic and hydrogeologic work and engineering work under the seal of an appropriately licensed professional, as required in chapters 18.220² and 18.43³ RCW, respectively.
- Data submittal. You must submit environmental data to our <u>Environmental Information</u> <u>Management</u> (EIM) system.⁴ The <u>Toxics Cleanup Program Policy 840</u>⁵ describes data submittal requirements. Please visit the EIM Submit Data webpage for data submittal instructions.

Michael Pereira May 30, 2024 Page 3

Payment

We will send monthly invoices to the billing contact listed in your VCP application form. Payment is due within 30 calendar days from the date of each invoice. Our invoices include a summary of costs incurred, payments received, names of staff billing to the project, and the time spent on the project during the previous month.

If you replace your billing contact, or their contact information changes, you must submit a completed <u>change of contact form</u>.

Contact information

We are committed to working with you to reach the prompt and effective Site cleanup. If you have any questions, please contact Sonia Fernández at vcp-nwro@ecy.wa.gov, or call at 206-594-0117.

Sincerely,

Sonia Fernández

Voluntary Cleanup Program Agreement

Washington State Department of Ecology - Toxics Cleanup Program

For completion Facility/Site Name: 503 Bella St

by Facility/Site No.: 99999771

VCP Project No.: NW3393

Instructions

Submit this Agreement (original) to Ecology as part of your Application. Before submitting, enter the Customer's name and the Site's address on the first page, and sign the Agreement on the third page. If your Application is accepted, then Ecology will do the following: 1) identify the Site and VCP project in the box below; 2) sign the Agreement; and 3) send you a copy of the completed Agreement.

This document constitutes an Agreement between the Washington State Department of Ecology (Ecology) and Umpqua Bank (Customer) to provide informal site-specific technical consultations under the Voluntary Cleanup Program (VCP) for the Site identified below and associated with the following address: 503 Bella Street, Sedro-Woolley, Washington 98284.

The purpose of this Agreement is to facilitate independent remedial action at the Site. Ecology is entering into this Agreement under the authority of the Model Toxics Control Act (MTCA), chapter 70A.305 RCW, and its implementing regulations, chapter 173-340 WAC. If a term in this Agreement is defined in MTCA or chapter 173-340 WAC, then that definition shall govern.

Services Provided by Ecology

Upon request, Ecology agrees to provide the Customer informal site-specific technical consultations on the independent remedial actions proposed for or performed at the Site consistent with WAC 173-340-515(5). Those consultations may include assistance in identifying applicable regulatory requirements and opinions on whether the remedial actions proposed for or conducted at the Site meet those requirements.

Ecology may use any appropriate resource to provide the Customer with the requested consultative services. Those resources may include, but shall not be limited to, those of Ecology and the Office of the Attorney General. However, Ecology shall not use independent contractors unless the Customer provides Ecology with prior written authorization.

In accordance with RCW 70A.305.170, any opinions provided by Ecology under this Agreement are advisory only and not binding on Ecology. Ecology, the state, and officers and employees of the state are immune from all liability. Furthermore, no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance under the VCP.

Payment for Services by Customer

The Customer agrees to pay all costs incurred by Ecology in providing the informal site-specific technical consultations requested by the Customer consistent with WAC 173-340-515(6) and 173-340-550(6). Those costs may include the costs incurred by attorneys or independent contractors used by Ecology to provide the requested consultative services. Ecology's hourly costs shall be determined based on the method in WAC 173-340-550(2).

Ecology shall mail the Customer a monthly itemized statement of costs (invoice) by the tenth day of each month (invoice date) that there is a balance on the account. The invoice shall include a summary of the costs incurred, payments received, identity of staff involved, and amount of time staff spent on the project.

Washington State Department of Ecology - Toxics Cleanup Program

The Customer shall pay the required amount by the due date, which shall be thirty (30) calendar days after the invoice date. If payment has not been received by the due date, then Ecology shall withhold any requested opinions and notify the Customer by certified mail that the debt is past due.

If payment has not been received within sixty (60) calendar days of the invoice date, then Ecology shall stop all work under the Agreement and may, as appropriate, assign the debt to a collection agency under chapter 19.16 RCW. The Customer agrees to pay the collection agency fee incurred by Ecology in the course of debt collection.

Reservation of Rights / No Settlement

This Agreement does not constitute a settlement of liability to the state under MTCA. This Agreement also does not protect a liable person from contribution claims by third parties for matters addressed by the Agreement. The state does not have the authority to settle with any person potentially liable under MTCA except in accordance with RCW 70A.305.040(4). Ecology's signature on this Agreement in no way constitutes a covenant not to sue or a compromise of any Ecology rights or authority.

Ecology reserves all rights under MTCA, including the right to require additional or different remedial actions at the Site should it deem such actions necessary to protect human health and the environment, and to issue orders requiring such remedial actions. Ecology also reserves all rights regarding the injury to, destruction of, or loss of natural resources resulting from the release or threatened release of hazardous substances at the Site.

Effective Date, Modifications, and Severability

The effective date of this Agreement shall be the date on which this Agreement is signed by the Toxics Cleanup Program's Section Manager or delegated representative. This Agreement may be amended by mutual agreement of Ecology and the Customer. Amendments shall be in writing and shall be effective when signed by the Toxics Cleanup Program's Section Manager or delegated representative. If any provision of this Agreement proves to be void, it shall in no way invalidate any other provision of this Agreement.

Termination of Agreement

Either party may terminate this Agreement without cause by sending written notice by email or U.S. mail to the other party. The effective date of termination shall be the date Ecology sends notice to the Customer or the date Ecology receives notice from the Customer, whichever occurs first. Unless otherwise directed, issuance of a No Further Action opinion, either for the Site as a whole or for a portion of the real property located within the Site, shall constitute notice of termination by Ecology.

Under this Agreement, the Customer is only responsible for costs incurred by Ecology before the effective date of termination. However, termination of this Agreement shall not affect any right Ecology may have to recover its costs under MTCA or any other provision of law.

Washington State Department of Ecology - Toxics Cleanup Program

Representations and Signatures

The undersigned representative of the Customer hereby certifies that he or she is fully authorized to enter into this Agreement and to execute and legally bind the Customer to comply with the Agreement.

VCP Application Standard and Expedited Processes

Washington State Department of Ecology
Toxics Cleanup Program

Application Form

The Department of Ecology (Ecology) may provide informal, site-specific, technical consultations to persons conducting independent remedial actions at contaminated sites under the <u>Voluntary Cleanup Program</u> (VCP).¹ Ecology may provide the consultations under either the **Standard VCP** process or the **Expedited VCP** process.

Check the box
of the process
you are applying for:
Standard VCP ■
■ Expedited VCP

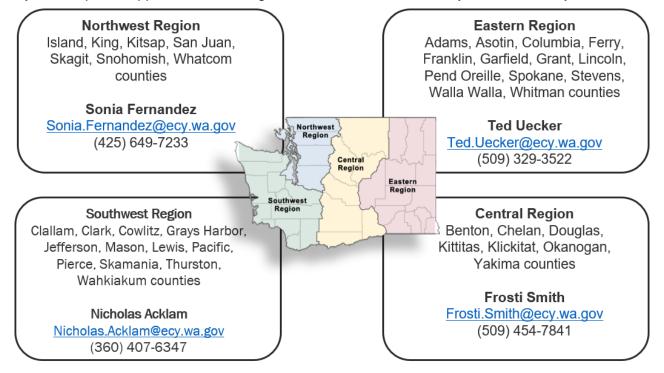

Apply to the Standard VCP process

To apply for the Standard VCP process, you must submit to Ecology all the following:

- VCP application form, completed and signed this form
- VCP agreement form,² signed by applicant
- Agency determination checklist,³ completed.

To request an opinion on a planned or completed remedial action, you **must** complete **Part 1.F** in this form. Submit with this application one searchable pdf file and one hard copy of each report you want us to review. See our report requirements on our <u>Working with the Voluntary Cleanup Program webpage</u>.⁴

Send your completed application to our regional contact listed, based on your site's county.

¹ https://www.ecy.wa.gov/VCP

² https://fortress.wa.gov/ecy/publications/SummaryPages/ecy070324.html

³ http://ecyapfass/Biblio2/SummaryPages/ECY070620.html

⁴ https://ecology.wa.gov/Spills-Cleanup/Contamination-cleanup/Voluntary-Cleanup-Program/Working-with-VCP

Apply to the Expedited VCP process

You may apply for the **Expedited VCP** process only during periods specified by Ecology. To see when Ecology is accepting **Expedited VCP** applications, see the <u>Expedited VCP process webpage</u>⁵ or subscribe to our **Expedited VCP** email list.

To apply for the Expedited VCP process, you must submit to Ecology all the following:

- VCP application form, completed and signed ← this form
- Voluntary Cleanup Program Expedited Process agreement,6 signed by applicant
- Agency determination checklist, completed
- Remedial investigation report or equivalent, meeting the elements of our <u>remedial investigation</u> <u>checklist</u>, and other reports you want us to review (one searchable pdf file and one hard copy each)
- Electronic environmental data submitted to the <u>Environmental Information Management</u> (EIM) system,⁷ which provides automatically generated email as confirmation
- Project schedule.

See the <u>Voluntary Cleanup Program (VCP)</u>: <u>Guidance for the Expedited VCP Process</u>⁸ for additional information.

To submit your **Expedited VCP** application to Ecology, upload electronic files to <u>Box.com</u>,⁹ after creating your online account:

Sarah Wollwage, Expedited VCP Planner Toxics Cleanup Program Department of Ecology PO Box 47600 Lacey, WA 98504-7600

Do not send your **Expedited VCP** application materials to an Ecology regional office.

You **must pay** the **nonrefundable application fee** within seven calendar days of receiving our invoice, or we may reject your **Expedited VCP** application. After receiving the complete application, we will send the invoice to the email listed for the project billing contact in **Part 1.C** of this form. We will not process your application until we have received payment. Contact Sarah Wollwage at <u>Sarah Wollwage@ecy.wa.gov</u> or (360) 407-7141 for additional information.

1.A		The applicant is the person or organization requesting services from Ecology, and is for paying Ecology's incurred costs incurred. The agreement explains the applicant's and duty.

If "yes", specify below the proposed land use. Check all that apply.
☐ residential ☐ school ☐ commercial ☐ industrial ☐ childcare facility
agricultural park other – specify:
Also, specify below the activities proposed for that land use. If you need to add more information, go to 3.D in the additional information pages at the end of this form.
Part 4 – Administrative history
Have you previously reported the release(s) of hazardous substances?
☐ yes ☐ no ☐ unknown If "yes", when?
Has cleanup of the site, or any portion of the site, ever been managed under the Standard VCP or Expedited VCP ?
If "yes", specify Standard VCP or Expedited VCP project number:
Has the site cleanup, or any portion, ever been managed under a federal or state order or decree?
yes no unknown If " yes ", specify type and docket number:
Part 5 – Independent remedial actions
5.A Scope of remedial actions.
Do you plan to characterize and investigate all site contamination, including contamination on affected adjacent properties, as part of your cleanup project?
If " no ", describe below the scope of the cleanup project, including the contamination (properties, portions of a property, media and/or hazardous substances) that you do not plan on characterizing or
investigation as part of the Standard VCP or Expedited VCP project. If you need to add more information, go to <u>5.A</u> in the additional information pages at the end of this form.

Part 5 - Independent remedial actions 5.B Status of remedial actions. What is the current status of remedial actions at the site? Check all that apply in table. Not applicable Planned Ongoing Completed Remedial action Initial response (UST only) Interim action Remedial investigation Feasibility study Cleanup action Documentation of remedial actions. 5.C List all known remedial action plans or reports produced for the site, including: title preparer date produced whether submitted to us date submitted to us If you need to add more information, go to <u>5.C</u> in the additional information pages at the end of this form. Submitted to Ecology Title Preparer Date date yes/no Jane Doe site: Remedial Investigation Work Ex: Freedom Consulting n/a 02/20/19 no Plan 1 2 3 4 5 6 7 8 9 10

Part 6 – Statement and signature

6.A Statement and signature. The undapplication is true and accurate to the applicant may sign this application	the best of the application

Washington State Department of Ecology – Toxics Cleanup Program

Use this form to determine which Washington state agency and program to apply for when seeking technical assistance for your independent cleanup of a contaminated site.

Both the Department of Ecology (Ecology) and the Pollution Liability Insurance Agency (PLIA),¹ which are **separate state agencies**, offer such assistance under the following programs.

Ecology

Voluntary Cleanup Program (VCP)²

PLIA

Petroleum Technical Assistance Program (PTAP)³

Heating Oil Technical Assistance Program (HOTAP)⁴

_	lity verification ology use only)
X	correct
	incorrect

Each program provides technical assistance for only certain types of sites. Ecology provides technical assistance under its VCP for sites that are not eligible for technical assistance under PLIA's PTAP or HOTAP. When applying to enroll in Ecology's VCP, you must submit this form with your application. Use of this form does not guarantee acceptance into the VCP. Ecology may decide to supervise remedial action at your site under an order or decree, based on site-specific conditions.

Part 1 – Applicant information

Δnr	olican [.]	tna	ma.
\neg v	mean	t iia	IIIC.

Application submission date:

Part 2 – Identify release source

PLIA provides technical assistance for independent cleanups of sites only where there has been a release from a tank storing heating oil or another type of petroleum. PLIA provides technical assistance for those releases under HOTAP and PTAP, respectively. See Chapter 374-80 WAC.⁵

Check only one of the following boxes.

The site involves a release from	om a heating oil s	storage tank. If you o	checked this box,	skip to Part 3.
----------------------------------	--------------------	------------------------	-------------------	-----------------

- Heating oil includes petroleum products used for space heating in oil-fired furnaces, heaters, and boilers, and includes stove oil, diesel fuel, and kerosene.
- Heating oil does not include petroleum products used as fuels in motor vehicles, marine vessels, trains, buses, aircraft, or off-highway equipment not used for space heating, industrial processing, or generating electrical energy.

⁵ https://apps.leg.wa.gov/wac/default.aspx?cite=374-80

Washington State Department of Ecology – Toxics Cleanup Program

	The site involves a release from a non-heating oil petroleum storage tank. If you checked this box, skip to Part 4.
	 Non-heating oil petroleum includes, but is not limited to, petroleum and petroleum-based substances made of a complex blend of hydrocarbons, such as motor fuels, jet fuels, distillate fuel oils, residual fuel oils, lubricants, petroleum solvents, and waste oils.
	 Non-heating oil petroleum does not include propane, asphalt, or any other petroleum product that is not liquid at standard conditions of temperature and pressure (60°F and 14.7 pounds per square inch absolute).
	The site does not involve a release from any kind of heating oil or petroleum storage tank. If you checked this box, skip to Part 5 , and check " <a <="" a="" href="Ecology's VCP">.
Part	3 – Identify HOTAP eligibility
	ating oil tank release site may be eligible for technical assistance under PLIA's HOTAP, unless the meets one of the exclusionary factors in this Part 3.
Chec	ck each of the following boxes that applies to your site.
9	Site type factors
	The heating oil tank release is commingled with a non-petroleum release.
ļ	Agency management factors
	Ecology is currently conducting remedial action at the site.
	Ecology is currently supervising remedial action at the site, under an order or decree, or is currently negotiating an order or decree for the site.
	Ecology and PLIA jointly determine the site should be managed by Ecology. If you check this box, include supporting documentation.
-	u checked any of the boxes in this Part 3, go to <u>Part 5</u> and check " <u>Ecology's VCP</u> ". If you did not k any of the boxes, go to <u>Part 5</u> and check " <u>PLIA's HOTAP</u> ".
Part	4 – Identify PTAP eligibility
	ogy and PLIA have jointly developed inclusionary and exclusionary factors for non-heating oil oleum tank release sites. Such sites may be eligible for technical assistance under PLIA's PTAP if:
1	L) the site meets any of the inclusionary factors in Part 4A; and
	2) the site either does not meet any of the exclusionary factors in Part 4B , or Ecology and PLIA ointly override the exclusionary factors under Part 4C .

Washington State Department of Ecology – Toxics Cleanup Program

4A Inclusionary factors

Check each of the following boxes that applies to your site.		
ŀ	Hazard ranking factors – Ecology ranks sites using the Washington Ranking Method (WARM).6	
	The site is WARM-ranked a 3, 4, or 5.	
	The site is WARM-ranked a 1 or 2, but does not impact surface water or sediment.	
Site type factors		
	The site does not impact surface water or sediment.	
Funding factors		
	The site is covered by PLIA insurance.	
	The site is a recipient of a PLIA grant or loan.	
If you checked any of the boxes in this Part 4A, go to <u>Part 4B</u> . If you did not check any of the boxes in this Part 4A, skip to <u>Part 5</u> and check " <u>Ecology's VCP</u> ".		
4B Exclusionary factors		
Check each of the following boxes that applies to your site.		
,	Agency regulation factors – The release is within the bounds of or is impacting:	
	Agency regulation factors — The release is within the bounds of or is impacting: an industrial facility regulated by Ecology's Solid Waste Program ⁷	
	an industrial facility regulated by Ecology's <u>Solid Waste Program</u> ⁷ a dangerous waste facility regulated by Ecology's <u>Hazardous Waste and Toxics</u>	
	an industrial facility regulated by Ecology's <u>Solid Waste Program</u> ⁷ a dangerous waste facility regulated by Ecology's <u>Hazardous Waste and Toxics</u> <u>Reduction Program</u> ⁸	
	an industrial facility regulated by Ecology's <u>Solid Waste Program</u> ⁷ a dangerous waste facility regulated by Ecology's <u>Hazardous Waste and Toxics</u> <u>Reduction Program</u> ⁸ a nuclear waste facility regulated by Ecology's <u>Nuclear Waste Program</u> . ⁹	
	an industrial facility regulated by Ecology's <u>Solid Waste Program</u> ⁷ a dangerous waste facility regulated by Ecology's <u>Hazardous Waste and Toxics</u> <u>Reduction Program</u> ⁸ a nuclear waste facility regulated by Ecology's <u>Nuclear Waste Program</u> . ⁹ Agency management factors	
	an industrial facility regulated by Ecology's Solid Waste Program? a dangerous waste facility regulated by Ecology's Hazardous Waste and Toxics Reduction Program8 a nuclear waste facility regulated by Ecology's Nuclear Waste Program.9 Agency management factors Ecology is currently conducting remedial action at the site. Ecology is currently supervising remedial action at the site under an order or decree,	
	an industrial facility regulated by Ecology's Solid Waste Program? a dangerous waste facility regulated by Ecology's Hazardous Waste and Toxics Reduction Program8 a nuclear waste facility regulated by Ecology's Nuclear Waste Program.9 Agency management factors Ecology is currently conducting remedial action at the site. Ecology is currently supervising remedial action at the site under an order or decree, or is currently negotiating an order or decree for the site. The U.S. Environmental Protection Agency (EPA) is conducting remedial action at the site,

Washington State Department of Ecology – Toxics Cleanup Program

C	Other legal factors	
	The site is subject to ongoing litigation or court supervision.	
	Liability for remedial action at the site is in dispute.	
Funding factors		
	Site remediation is funded by Ecology as the sole or lead funding agency.	
	You are a local government planning to apply for an Ecology <u>Independent Remedial</u> <u>Action Grant</u> . 10 These grants are subject to cultural resource consultation requirements.	
Site type factors		
	The site impacts surface water or sediment.	
	The petroleum storage tank release is commingled with a non-petroleum release that is not related to the petroleum release or facility operations.	
-	u checked any of the boxes in this Part 4B, go to <u>Part 4C</u> . If you did not check any of the boxes is Part 4B, go to <u>Part 5</u> and check " <u>PLIA's PTAP</u> ".	
4C J	oint agency determination	
Check the following box, and include supporting documentation, if Ecology and PLIA have jointly determined to override the exclusionary factors in Part 4B , based on the results of a site characterization conducted under Chapter 173-340 WAC. ¹¹		
	If you check this box, go to <u>Part 5</u> , and check "PLIA's PTAP". If you do not check this box, go to <u>Part 5</u> , and check " <u>Ecology's VCP</u> ".	
Part	5 – Select appropriate technical assistance program	
Based on your responses in Parts 2 through 4, select the technical assistance program your site is eligible to apply for by checking the applicable box (check only one):		
	Ecology's VCP ¹² PLIA's HOTAP ¹³	
	PLIA's PTAP14
