Re: Mill Site Light Industrial/Commercial Buildings

Dear Mr. Botello:

Thank you for the opportunity to comment on the determination of nonsignificance for the Mill Site Light Industrial/Commercial Buildings, proposed by the Port of Chelan County. We have reviewed the documents and have the following comments.

WATER RESOURCES

If you plan to use water for dust suppression at your site, be sure that you have a legal right. Temporary permits may be obtainable in a short time-period. The concern of Water Resources is for existing water rights. In some instances water may need to be obtained from a different area and hauled in or from an existing water right holder.

If you have any questions or would like to respond to these Water Resources comments, please contact **Jolee Ramos** at (509) 454-4173 or email at jolee.ramos@ecy.wa.gov.

Sincerely,
