

Maury Island Open Space Site

King County Parks and Recreation Division

MONTHLY PROGRESS REPORT

To: Ryan Gardiner, Department of Ecology

From: Lindsey Miller, Project Manager, King County Parks

Report Date: June 7, 2024

Project: Maury Island Open Space Site

Period Covered: April and May 2024

On behalf of King County, this monthly progress report documents activities related to Agreed Order DE8439 between the Washington State Department of Ecology and King County.

1. Description of the actions which have been taken to comply with the Order:

- King County began finalizing the construction drawings and specifications for Phase 3 of the cleanup (i.e., additional Revegetation) and provided to Ryan for review. Ryan provided comments which have been addressed.
- King County and Department of Ecology drafted responses to the public comments.
- Department of Ecology signed the Agreed Order Amendment on April 29, 2024. The Amendment process is complete.
- King County provided Ryan with the annual monitoring report for the time period from May 2023-May 2024.
- King County de-winterized the solar well pump in preparation for watering during the 2024 growing season.

2. Summaries of sampling and testing reports and other data reports received by King County:

- NA

3. Summaries of deviations from approved work plans:

- NA

4. Summaries of contacts with representatives of the local community, public interest groups, press, and federal, state, or tribal governments.
