- **Agreed Order No.:** DE 19403

Dear Robert Healy:

Ecology received the revised Data Gaps Investigation Work Plan, Sound Mattress & Felt Co Site, dated May 24, 2024, transmitted electronically by Troy Bussey, Pioneer Technologies Corporation. Thank you for revising the previous work plan versions to incorporate Ecology comments. Ecology has no additional comments on the plan and accepts the May 24, 2024, Data Gaps Investigation Work Plan. Please send two hard copies of the final work plan for Ecology files. Please keep us updated regarding the field work schedule including providing at least seven (7) days' notice before field investigations begin.

Based on the schedule included in the agreed order, the Port of Tacoma has 12 months to complete field investigations unless an AO schedule extension is provided. Timeline extensions may be requested using the process outlined in the agreed order if necessary. If you have any questions, please contact me at 360-999-9588 or sandy.smith@ecy.wa.gov.
