Dear Ms. Lewis:

**RE: Determination of Potentially Liable Person Status**

On October 30, 2008 the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- Name: Boeing Issacson Thompson
- Address: 8625-8811 E. Marginal Way S., Tukwila, WA 98108
- County Assessor's Parcel Number(s): 0001600014/0007400033
- Facility/Site No.: 2218

The 30-day comment period on this preliminary notice expired on December 2, 2008.

We received your response on December 1, 2008, and your comments have been evaluated. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at Boeing Isaacson Thompson facility (Site). On the basis of this finding, Ecology has determined that you are a Potentially Liable Person (PLP) with regard to the Site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Ronald W. Timm, will contact you with information about how Ecology intends to proceed with the cleanup at this site. This will include providing you with a draft Agreed Order for your review. The draft Agreed Order will contain a Scope of Work and a schedule.

If you have any questions regarding this notice, please contact Ronald W. Timm at 425-649-7185.

Sincerely,

Robert Warren  
Section Manager  
Toxics Cleanup Program/NWRO
