**Re: Request for Extension- Draft Agreed Order and Scope of Work**

- **Site Name:** Whitten Oil 1
- **Site Address:** 370 West 5<sup>th</sup> Avenue, Colville
- **Cleanup Site ID:** 9440
- **Facility/Site ID:** 49354234

Dear Stephen Tan:

On July 8, 2024, the Department of Ecology (Ecology) received your request for an extension to provide comments on the draft Agreed Order and Scope of Work (SOW) for the Whitten Oil 1 Site. Ecology has reviewed and approves your request. Please provide your comments on the draft Order to me no later than September 8, 2024. Please note that Ecology has already named Whitten Oil, Inc. as a potentially liable party (PLP) under the Model Toxics Control Act (MTCA),<sup>1</sup> and disagreements between the PLPs are not legitimate reasons for schedule extensions.

Please also note that the purpose of the Remedial Investigation (RI) required under the Agreed Order is to adequately characterize the nature and extent of contamination at the Site. This work is not based on any party accepting or denying liability and Ecology expects this work to be planned and completed in an expedited manner to assess the threat to human health and the environment.

Ecology looks forward to completing the agreed order and moving forward with the RI in a cooperative manner.

Sincerely,

Ted M. Uecker
