Dear Nicky Moody:

The Department of Ecology (Ecology) received the "Groundwater Monitoring Letter Report – June 2024," dated July 17, 2024, for the above referenced site. In this report, you recommended the following:

- Decommissioning GL-4 prior to the next event and maintaining GL-3 and GL-6 for groundwater level monitoring only.

Ecology **approves** your recommendations above. If you have any questions, please contact me at (360) 409-6164 or danielle.gibson@ecy.wa.gov.

Sincerely,

Danielle Gibson
