To Whom It May Concern:

The Restrictive Covenant attached as Exhibit A to this letter relates to certain property in Clallam County, Washington (the "Property"). The Property is currently owned by Rayonier Forest Resources, L.P. ("RFR"). Section 4 of the Restrictive Covenant states that the owner of the Property must provide thirty (30) day advance written notice to the Washington State Department of Ecology of the owner's intent to convey any interest in the Property. This letter shall serve as notice under the Restrictive Covenant that RFR intends to convey its interest in the Property.

Sincerely,

Jaime Northrup, PWS, Esq.

RESTRICTIVE COVENANT

RAYONIER TIMBERLANDS OPERATING COMPANY, L.P.

HOKO RIVER SITE

This Declaration of Restrictive Covenant is made pursuant to RCW 70.105D.030(1)(f) and (g) and WAC 173-340-440 by Rayonier Timberlands Operating Company, L.P., its successors and assigns (hereafter "RTOC"), and the State of Washington Department of Ecology, its successors and assigns (hereafter "Ecology").

An independent remedial action (hereafter "Remedial Action") occurred at the property that is the subject of this Restrictive Covenant. The Remedial Action conducted at the property is described in the following documents: Hoko Camp, Reconnaissance Sampling Results, January 4, 2001, by Landau Associates, and Independent Cleanup Action, Former Hoko Logging Camp, Sekiu, WA, by Landau Associates, October 22, 2001. These documents are on file at Ecology's SWRO.

This Restrictive Covenant is required because the Remedial Action resulted in residual concentrations of total petroleum hydrocarbons which exceed the Model Toxics Control Act Method A Residential Cleanup Level for soil established under WAC 173-340-704(1)(b).

RTOC is the fee owner of real property (hereafter "Property") in the County of Clallam, State of Washington, that is subject to this Restrictive Covenant. The Property is legally described in Attachment A of this Restrictive Covenant which is made a part hereof by reference.

RTOC makes the following declaration as to limitations, restrictions, and uses to which the Property may be put and specifies that such declarations shall constitute covenants to run with the land, as provided by law and shall be binding on all parties and all persons claiming under them, including all current and future owners of any portion of or interest in the Property (hereafter "Owner").

Section 1. Any activity on the Property that may result in the release or exposure to the environment of the contaminated soil that was contained as part of the Remedial Action, or create a new exposure pathway, is prohibited. Some examples of activities that are prohibited in the capped areas include: drilling, digging, placement of any objects or use of any equipment which deforms or stresses the surface beyond its load bearing capability, piercing the surface with a rod, spike or similar item, bulldozing or earthwork, cutting down or removal of fallen trees or other vegetative growth.

Section 2. Any activity on the Property that may interfere with the integrity of the Remedial Action and continued protection of human health and the environment is prohibited.

Section 3. Any activity on the Property that may result in the release or exposure to the environment of a hazardous substance that remains on the Property as part of the Remedial Action, or create a new exposure pathway, is prohibited without prior written approval from Ecology.

Section 4. The Owner of the property must give thirty (30) day advance written notice to Ecology of the Owner's intent to convey any interest in the Property. No conveyance of title, easement, lease, or other interest in the Property shall be consummated by the Owner without adequate and complete provision for continued monitoring, operation, and maintenance of the Remedial Action.

stated that he was authorized to execute this instrument and acknowledged it as the Assistant Secretary of Rayonier Timberlands Management Inc. to be the free and voluntary act of such party for the uses and purposes mentioned in the instrument.

Given under my hand and official seal this 21st day of January, 2002.

A handwritten signature in black ink, appearing to read "Michelle S. Verlander", written over a horizontal line.
