

**Yakima Training Center PFAS Response  
Quarterly Activities Status Update (CY24Q1 – January - March 2024)**

**Activities Conducted:**

- Data in review for Remedial Investigation (RI) Mobilization #1:
  - 11 surface water & sediment locations
  - 48 soil locations
  - Nine (9) new monitoring wells
- Eight (8) boundary monitoring wells sampled
- USGS collected geochemical data and depth to water measurements, 8-12 January 2024
- Off-Installation PFAS sampling was conducted at fifty (50) locations, 16-21 March 2024
- General Chemistry samples collected at seven (7) properties for POET system design
- Rights of Entry (ROE) were fully executed for 33 properties as of 2 April 2024
- Assessment of Class B Water Supply Systems completed 10-11 January 2024. Contract to be awarded in late spring or early summer 2024
- Seventeen (16) POET systems have been installed as of 2 April 2024
- 180 POET performance monitoring samples have been collected to document filtration efficacy; recent validated data indicates systems are generally performing in accordance with design parameters
- All recently collected data resides in the Environmental Data Management System

**Deliverables:**

- YTC Baseline Sampling Work Plan, dated January 2023, Sent to ECY on 5 January 2024
- Technical Memorandum Workplan, Revision 2, dated March 2023, Sent to ECY on 5 January 2024
- Yakima Training Center Off-Post Sampling Addendum, dated November 2023, Sent to ECY on 5 January 2024
- YTC Informational Update Slides, Sent to ECY on 5 January 2024
- YTC Stakeholder Information Meeting Minutes, Sent to ECY on 5 January 2024
- YTC-ECY Meeting Minutes, Sent to ECY on 5 January 2024
- Phase 5 Residential Sampling Data, Sent to ECY on 8 January 2024
- Phase 6 Residential Sampling Data, Sent to ECY on 9 and 27 February 2024
- Draft POET Operations and Maintenance Plan, Sent to ECY on 5 March 2024

**Conducted Meetings:**

- YTC Progress and Planning Informal Meeting between Ecology and Army, 15 March 2024
- Targeted Public Open House, Right of Entry, 16 March 2024

**Next Quarter Planned Field Work**

- POET construction continues, April – June 2024
- Multi-Connection System Site Walk, April 2024
- Defense Center for Public Health POET Evaluation, May-June 2024
- USGS Installation of transducers to collect continuous water-level data, April 2024

**Yakima Training Center PFAS Response  
Quarterly Activities Status Update (CY24Q1 – January - March 2024)**

**Next Quarter Residential Sampling:**

- The next iteration of Army executed on/off-post PFAS sampling will occur in late May 2024
- Sampling event will be coordinated/split with local partners at Yakima Health District (YHD)

**Upcoming Deliverables:**

- Residential sampling results from 16-21 March 2024
- On-post quarterly sampling results (boundary wells)
- RI Mobilization #1 Monitoring Well Installation Report

**Next Quarter Planned Meetings**

- Proposed Presentation of Mobilization #1 data and planning of Mobilization #2 field work with Ecology, June/July 2024
- Right-of-Entry targeted Open House event, June 2024
