Subject: Chevron Site 97502 Sedro Wooley Fourth Quarter 2024 Progress Report

Dale,

On behalf of Chevron Environmental Management Company (CEMC), the following is a progress report for Chevron site 97502 located at 640 Metcalf Street in Sedro Woolley, Washington. This update satisfies the requirements of Agreed Order No. DE 18034 associated with the site, issued September 14, 2020, which indicates that quarterly progress reports be submitted to the Washington State Department of Ecology by the 15th of the month following the reporting period. This update summarizes activities completed from October 1 through December 31, 2024.

Description of Work Performed during the Fourth Quarter 2024 Reporting Period

- Arcadis submitted a Draft Groundwater Monitoring Work Plan to Ecology for review on November 5, 2024
- AECOM completed fourth quarter 2024 groundwater monitoring on December 17 and 18, 2024

Summary of Deviation from Approved Work Plans

- No deviations occurred during this reporting period

Description of Work Planned for the First Quarter 2025 Reporting Period

- AECOM will complete the first quarter 2025 groundwater monitoring
- AECOM will review and respond to Ecology's comments on the Draft Groundwater Monitoring Work Plan, once received
- AECOM will continue to prepare and submit quarterly progress reports to Ecology via email

Change in Personnel

- AECOM has been retained as CEMC's consultant for the Chevron site 97502 effective 1/1/2025
- Ashley Lunde, AECOM, is the consultant Project Manager
