INTRODUCTION

PERMITTEE: Reichhold, Inc.
I.D. Number: WAD 009252891

Pursuant to Chapter 70.105 RCW, the Hazardous Waste Management Act of 1976, as amended, and regulations codified in Chapter 173-303 WAC, a permit is issued to Reichhold to conduct corrective action at the Reichhold, Inc. facility located at 3320 Lincoln Avenue, Tacoma, WA 98421. Reichhold must comply with all conditions of this Permit.

Pursuant to RCW 70.105D.030(1)(d), the Washington State Department of Ecology (Ecology) is designated by the Washington State Legislature to carry out all State programs authorized by the United States Environmental Protection Agency (EPA) pursuant to the federal Resource Conservation and Recovery Act (RCRA), 42 U.S.C. Sec. 6901 et. seq., as amended. Ecology has authority to issue this Permit in accordance with RCW 70.105.130 and is responsible for enforcement of all conditions of this Permit. Anyone may appeal these permit conditions or decisions by Ecology to the Pollution Control Hearings Board in accordance with WAC 173-303-845.

PART I - GENERAL CONDITIONS

- I.1 Reichhold shall comply with all requirements of WAC 173-303-810, which are hereby incorporated by reference into this Permit.
- I.2. Modifications to Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578 shall not require a permit modification, except when required by WAC 173-303-830, Appendix I(N)(5) to incorporate a substantial change requiring public comment under WAC 173-340-600. Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578 are not appealable to the Pollution Control Hearings Board. Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578 may be reviewed only as provided under the Model Toxics Control Act, Chapter 70.105D.060 RCW.
- I.3. Compliance with the terms of this Permit does not constitute a defense to any order issued or any action brought under any other state or federal laws governing protection of public health or the environment. However, compliance with the terms of this Permit does constitute a defense to any action alleging failure to comply with the applicable standards upon which this Permit is based.

I.4. Pursuant to WAC 173-303-806(6), Reichhold shall submit a new application for a final permit 180 days prior to the expiration date of this permit, unless Ecology grants a later date provided that such date is not later than the expiration date of the Permit. This Permit and all its conditions will remain in effect beyond the Permit's expiration date until Ecology has made a final permit determination if: (1) Reichhold has submitted a timely application for a final status permit; (2) Ecology determines that the final permit application is complete as set forth in WAC 173-303-840(1)(b); and (3) Ecology has not made a final permit determination as set forth in WAC 173-303-840.

If Reichhold fails to comply with the terms and conditions of the expiring or expired permit, then Ecology may take action consistent with WAC 173-303-806(7)(b). If Reichhold fails to submit a timely, complete application as required herein, then those permit conditions necessary to protect human health and the environment will remain in effect beyond the Permit's expiration date in accordance with WAC 173-303-815(2)(b)(ii), until Ecology terminates the conditions.

PART II - CORRECTIVE ACTION

II. Ecology is requiring that Reichhold fulfill corrective action responsibilities for the facility, as defined by WAC 173-303-040, using the Model Toxics Control Act (MTCA), (Chapter RCW 70.105D), as amended, and its implementing regulations (Chapter 173-340 WAC), and the Dangerous Waste Regulations [(Chapter 173-303 WAC – specifically, WAC 173-303-646]. See Section III.1, *infra*. The actions taken must meet or exceed all substantive corrective action requirements of the Resource Conservation and Recovery Act (RCRA), the state Hazardous Waste Management Act, and the Dangerous Waste Regulations.

Reichhold's corrective action obligations with respect to the facility under Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578, effective July 30, 2004, are enforceable conditions of this Permit under the authority of Chapter 70.105 RCW, and its implementing regulations, Chapter 173-303 WAC.

PART III - CORRECTIVE ACTION CONDITIONS

III.1. Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578 are issued pursuant to the Model Toxics Control Act (MTCA), Chapter 70.105D RCW, as amended, its implementing regulations, Chapter 173-340 WAC, and the Dangerous Waste Regulations, WAC 173-

303-646. Agreed Order No.1577 and Agreed Interim Action Administrative Order No. 1578 and its attachments are incorporated by reference as fully enforceable under this Permit. Regardless of whether or not the Agreed Order No. 1577 and Agreed Interim Action Administrative Order No. 1578 are vacated, Reichhold's corrective action obligations continue to be enforceable conditions of this Permit under the authority of the Hazardous Waste Management Act (HWMA), Chapter 70.105 RCW, and its implementing regulations, Chapter 173-303 WAC.

III.2. When Ecology selects final cleanup remedies for Reichhold, Inc. this Permit will be modified as needed to include the Ecology selected remedies.
