**RE: Ecology Approval – Extension of Submittal Date for Revised Sediment Quality Report, dated May 18, 2023**

**Site name:** Cascade Pole Inc McFarland  
**Site address:** 1100 Washington Street, Olympia, 98501, Thurston  
**Facility/Site ID:** 1385  
**Agreed Order No:** DE 00TCPSR-753

Dear Don Bache:

Ecology received your letter dated February 7, 2025, requesting an extension for submitting the revised Sediment Quality Report required under the first amendment to Agreed Order No. DE 00TCPSR-753. The revised report was due on February 12, 2025. Because additional time is needed to revise the Sediment Quality Report to include analytical data from the recent Sub-Area 1 sediment investigation in Budd Inlet, you are requesting a schedule extension for the Revised Sediment Quality report sixty days following Port of Olympia's submission of the Budd Inlet Sub-Area 1 investigation data report to Ecology. The sediment investigation data report was submitted to us on May 6, 2025. Ecology grants your request for an extension for submitting the revised sediment quality report. The revised sediment quality report is now due to Ecology no later than July 5, 2025.
