Subject: Expedited VCP Quarterly Progress Reports Due June 10, 2025

Dear Expedited VCP Site Representative,

Per our guidance for the expedited VCP process, quarterly progress reports are due on June 10, 2025.

If you believe you have received this email mistakenly, please let me know and I will remove you from this email list. If you would like a list of Sites we have under your name, please let me know.

It would be helpful if you could include at the top of your email in **bold** font if you are waiting for anything from Ecology.

This progress report can be made via email, and should include responses to each of the following from our

guidance. We recommend that you simply insert your response below each of the following bullets in your email reply.

- Description and status of Site characterization or cleanup work (completed during past quarter or ongoing work). *AEG had communications with Ecology regarding needed next steps, and is currently drafting a proposal for evaluating the source of the solvents in the alley for client review.*
- A list of pending opinion requests to Ecology and expected date for next request for Ecology opinion. *None at this time.*
- Summary of dates and titles of documents submitted to Ecology for review in the last quarter. *None at this time.*
- Type of documents and opinion requests planned for submittal to Ecology during the next quarter. *AEG is hopeful that the necessary data will be able to be collected to allow for the completion and submittal of an RIFS for review.*
- Any updates to the project schedule showing the previously mentioned activities and milestones. *None at this time.*
- A description of schedule delays or changes from the prior quarter and reasons for those changes. *None at this time.*
- Changes in key project team personnel. *None at this time.*
- Anticipated changes at the Site, such as property ownership, changes to potential future use, new or obsolete access restrictions, or anything that could affect the cleanup. *None at this time.*

Thanks, Frank

Frank P. Winslow, LHG
