Dear Greg Andrina:

The Department of Ecology (Ecology) appreciates your decision to clean up the Columbia Square Properties (Site) independently. However, our records indicate that you have not conducted any remedial actions during the past 13 years at the Site. This letter requests information on the status of your cleanup and your continued interest in the Voluntary Cleanup Program (VCP) since Ecology issued a Property Specific no further action determination (NFA) in September 2015.

To continue cleanup efforts under the VCP, please provide the following information.
