Dear Chris Weldon:

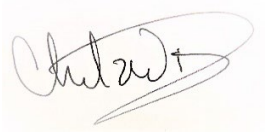

The Washington State Department of Ecology (Ecology) has approved the above referenced Draft Remedial Investigation Work Plan for the Pilot 389 site. Please proceed with the planned field activities.

Additional investigation in the Reecer Creek area will be required. Ecology will review site data and information gathered through this work plan to determine any additional remaining data gaps.

We appreciate your cooperation and ongoing coordination as we work together to address site conditions and ensure protection of human health and the environment.

Please feel free to contact me if you have any questions.

Sincerely,

Chelsea Wisotzkey
