RE: Determination of Potentially Liable Person Status

Dear Mr. Tidrick:

On December 6, 2012 the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the following site:

- Site Name: Tidrick's Quality Transmission
- Site Address: 1802 S. 1st St., Yakima
- Assessor's Parcel No.: 191331-11012
- Facility/Site ID No.: 543
- Cleanup Site ID No.: 4944

The 30-day comment period on this preliminary notice expired on January 6, 2013.

We have not received comments from you as of January 29, 2013. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at Tidrick's Quality Transmission. On the basis of this finding, Ecology has determined that Tidrick's Quality Transmission is a Potentially Liable Person (PLP) with regard to Tidrick's Quality Transmission Site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, John Mefford, will contact you with information about how Ecology intends to proceed with the cleanup at this site.

If you have any questions regarding this notice, please contact John Mefford at 509-454-7836.

Sincerely,

Valerie Bound
