Agreement Language

This section describes what you are agreeing to if you sign this form. Please contact the Washington Department of Ecology (Ecology) if you have any questions or concerns (bottom of page).

I am the **owner** of the property identified above, and give my permission for representatives of the Washington Department of Ecology to enter the property and take soil samples to analyze for **arsenic** and **lead**. Note that if you are not the property owner, your landlord must provide a signed access agreement to allow Ecology and its representatives to collect a soil sample from the property listed above.

I understand that the data collected from my property are subject to requests for public disclosure under the Public Record Act or the Freedom of Information Act. I understand that the data collected will be placed on a public database. Ecology must provide the data, including my name and address, if requested under these acts. However, my name and address will not be published in any report generated by the Washington Department of Ecology or its representatives. I understand that I may have to disclose data collected from my property on Form 17 (Real Property Transfer Disclosure Statement) at time of sale.

I agree to hold harmless the Washington Department of Ecology and its employees, agents, and representatives from any and all liability arising directly or indirectly from the sampling, testing, evaluation, and disclosure related to the subject project.

Form to Decline Soil Sampling and Cleanup Tacoma Smelter Plume Yard Program

Ecology is offering to sample the soil in your yard for arsenic and lead to see if it qualifies for cleanup (soil replacement). If you wish to **decline** sampling and do not want Ecology to contact you again, please complete this side of the form. Once you decline sampling, you cannot join the program later.

Agreement Language

This section describes what you are agreeing to if you sign this form. Please contact Ecology if you have any questions or concerns (bottom of page).

I am the **owner** of the property identified above, and **decline** to participate in the Tacoma Smelter Plume Residential Yard Sampling and Cleanup Program (Yard Program). I have been informed about the health risks of arsenic and lead. Department of Ecology will record my decision to not participate in a database that may be viewed by the public.

I understand that Department of Ecology will not offer any further soil sampling or cleanup for my property under the Yard Program. I also understand that once I decline the Yard Program I may not reenter the program.

A future owner of this property may be able to opt in to the Yard Program if funding remains.
