STATE OF WASHINGTON  
DEPARTMENT OF ECOLOGY

106 South 6th Ave. • Yakima, Washington 98902-3387 • (509) 575-2490

February 12, 1992

Mr. Steve Owens, President  
Comet Trailer Manufacturing Corporation  
501 South 1st Street  
P.O. Box 460  
Selah, WA 98942

Dear Mr. Owens:

The State Department of Ecology has recently completed a hazard ranking for the Comet Trailer contaminated site at 501 South 1st Street, Selah, as required by the Model Toxics Control Act (RCW 70.105D). This is a comparative estimate of the potential threat of this site to human health and the environment relative to other Washington State sites ranked up to this time. A ranking of 1 has been calculated for this site (1 = high, 5 = low).

For your information, Ecology will be publishing, as required, the ranking of this and other sites in the February 25th "Site Register". The rankings are used in conjunction with other considerations in determining our priority for followup work.

A fact sheet on the ranking method is enclosed for your information.

For further information, please contact Mark Peterschmidt, Department of Ecology, 106 South 6th Avenue, Yakima, Washington 98902-3387, (phone: (509) 575-2490).

Sincerely,

Robert D. Swackhamer  
Toxics Cleanup Program
