Re: Notice of Satisfaction, Agreed Order No. DE 01TCPCR-2093, Kissel Park, Yakima, Washington, Facility/Site ID # 52475978

Dear Mr. Wilkinson:

The Department of Ecology (Ecology) Toxics Cleanup Program has reviewed the file for this site, which includes the Cleanup Action Report, to determine if the substantive requirements of Agreed Order No. DE 01TCPCR-2093 have been met and to determine if further remedial actions are needed at this site to reach closure and delisting.

Ecology has determined that the Remedial Actions conducted by Floyd Snider McCarthy, Inc. at this site have met the substantive requirements in Agreed Order No. DE 01TCPCR-2093 between the Department of Ecology and the City of Yakima.

The site is now eligible to be removed from the State Hazardous Sites List and Ecology will begin the delisting process.

If you have any questions feel free to call me at (509) 454-7886.

Sincerely,

Valerie Bound  
Acting Section Manager  
Toxics Cleanup Program
