August 13, 2013

Mr. John Haakenson
Port of Benton
Director of Airports and Operations
3100 George Washington Way
Richland, WA 99354

RE: Site Hazard Assessment at:

- Site Name: Prosser Airport Aircraft Applicators
- Site Address: Nunn Road, Prosser
- Facility/Site ID #: 7474148
- Cleanup Site ID #: 2188

Dear Mr. Haakenson:

The Washington State Department of Ecology (Ecology) Toxic Cleanup Program has completed a Site Hazard Assessment (SHA) for the site referenced above, as required under the Model Toxics Control Act. The site's hazard ranking, an estimation of the potential threat to human health and/or the environment relative to all other Washington State sites assessed at this time, has been determined to be a 3, where 1 represents the highest relative risk and 5 the lowest.

Ecology published the ranking of this Site in the February 2013 Special Issue of the Site Register. The site hazard ranking will be used in conjunction with other site-specific considerations in determining Ecology's priority for future actions.

Ecology reserves the right to initiate further investigation at this site where new information is received indicating a potential/actual threat to human health and/or the environment through the release of hazardous substance(s).

Please contact Krystal Rodriguez at (509) 454-7290 if you have any questions relating to the SHA determination of your site.

Sincerely,

Valerie Bound
Section Manager
Toxics Cleanup Program
Central Regional Office

ecc: Ted Benson, TCP-HQ
Krystal Rodriguez
