September 4, 2013

Mr. Britt Dudek  
811 S Van Well Ave  
East Wenatchee, WA 98802

RE: Site Hazard Assessment at:

- Site Name: Ray Rock Grocery
- Site Address: 19475 US Highway 2, Leavenworth
- Facility/Site ID #: 71399884
- Cleanup Site ID #: 10237

Dear Mr. Dudek:

The Washington State Department of Ecology (Ecology) Toxic Cleanup Program has completed a Site Hazard Assessment (SHA) for the Ray Rock Grocery site, located at 19475 US Highway 2 in Leavenworth, Washington, as required under the Model Toxics Control Act. The site's hazard ranking, an estimation of the potential threat to human health and/or the environment relative to all other Washington State sites assessed at this time, has been determined to be a 5, where 1 represents the highest relative risk and 5 the lowest.

For your information, Ecology will be publishing the ranking of this and other recently assessed sites in the August 2013 Special Issue of the Site Register. The site hazard ranking will be used in conjunction with other site-specific considerations in determining Ecology's priority for future actions.

Ecology reserves the right to initiate further investigation at this site where new information is received indicating a potential/actual threat to human health and/or the environment through the release of hazardous substance(s).

Please contact Krystal Rodriguez at (509) 454-7290 if you have any questions relating to the SHA determination of your site.

Sincerely,

Valerie Bound  
Section Manager  
Toxics Cleanup Program  
Central Regional Office

ecc: Ted Benson, TCP-HQ
