Subject: **Transmittal of *Final Engineering Design Report and Associated Documents Terminal 91 Tank Farm Cleanup Port of Seattle Terminal 91 Site Agreed Order No. DE 8938***

Dear Mr. Chou:

Consistent with the current Ecology approved schedule, I am sending you the Final Engineering Design Report (EDR) and the following associated documents for your use:

- Engineering Design Report;
- Construction Drawings;
- Technical Specifications;
- Construction Quality Assurance Manual;
- Compliance Monitoring Plan; and the
- Operations and Maintenance Plan.

Note that the Draft Environmental Covenant and Implementation Schedule are included as Appendices H and I of the EDR, respectively; the draft versions of these documents were submitted as separate documents for the 90% EDR submittal.

Also find attached the *Responsiveness Summary – Final Engineering Design Submittal* which provides the Port's responses to the Washington Department of Ecology's (Ecology's) written comments dated May 2, 2013.

As requested by Susan Roth, the Port's designated Project Coordinator, PES will be transmitting these documents in both electronic and hard copy formats directly to Ecology for their use.

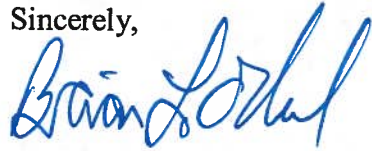

Mr. Fred Chou
