Dear Mr. Conley:

RE: Final Determination of Potentially Person Status - Tiger Oil Facility, 1606 East Nob Hill

On April 25, 1996, the Department of Ecology sent you written notice regarding your proposed status as a potentially liable person for a release of hazardous substances at the Tiger Oil site, 1606 East Nob Hill, Yakima, Washington. The 30-day comment period on this preliminary notice and any subsequent extension granted by Ecology has expired.

We received and have reviewed your comment letter dated June 3, 1996. Based on this review and the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for a release at the subject facility. On the basis of this finding, the Department of Ecology has determined that you are a Potentially Liable Person (PLP) with regard to this site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW and WAC 173-340. Antonio Valero, Ecology's site manager for the facility will contact you with information about how Ecology intends to proceed with site cleanup.

If you have any questions regarding this notice, please contact Antonio Valero at (509) 454-7833.

Sincerely,

*Anthony W. Grover for AW Grover*
