- **Site Address:** 2731 36th Street, Everett, WA 98201
- **Facility/Site No.:** 65596692

- **VCP Project No.:** NW2216

Dear Mr. Sadler and Mr. Palacios:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. NW2216. The project involved the cleanup of the GTS Drywall UST 11222 facility (Site). The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

**Reason**

Ecology is terminating the Agreement because we understand that you are not actively cleaning up the Site. On December 17, 2013, we sent you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup. You did not respond to that request. Since we have not heard from you, we have decided to terminate the Agreement.

**Next Steps**

Based on this decision, Ecology may take one or more of the following steps:

1. Send you an invoice for any costs remaining on your account. In accordance with the terms of the Agreement, you remain responsible for any costs incurred by us before the effective date of termination.
