RE: Agreed Order for Cleanup Atofina Chem 3009 Taylor Way Log Yard

Dear Ms. Aoyagi:

Thank you for the opportunity to comment about the Agreed Order for the cleanup of the Atofina Chem 3009 Taylor Way Log yard.

The Chamber is supportive of efforts to return this critically situated industrial land to productive use. As both industrially zone and waterfront, this land is both highly desirable and critically short in supply. Its return to productive and environmentally clean uses will be of great benefit to the community.

Sincerely,

Gary D. Brackett, CCR
Manager, Business and Trade
