Re: Determination of Potentially Liable Person Status RPNP Corporation

Dear Mr. Peterson:

On July 8, 2014, the Department of Ecology (Ecology) sent you written notice regarding RPNP Corporations proposed status as a potentially liable person (P.L.P) for a release of hazardous substances at the following site:

- Name: Boeing Field Chevron
- Address: 10805 Tukwila International Boulevard, Tukwila, WA
- County Assessor's Parcel Number 0323049064
- Facility/Site No.: 2551

The 30-day comment period on this preliminary notice expired on August 8, 2014.

We have not received comments from you as of August 11, 2014. Based on the information available to date, Ecology finds that credible evidence exist which supports RPNP Corporations status as a potentially liable person for the release at Boeing Field Chevron. On the basis of this finding, Ecology has determined that RPNP Corporation is a Potentially Liable Person (PLP) with regard to Boeing Field Chevron.

RPNP Corporations rights and responsibilities as a P.L.P are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Dale Myers, will contact you with information about how Ecology intends to proceed with the cleanup at this site.

If you have any questions regarding this notice, please contact Dale Myers at (425) 649-4446 or by email at dale.myers@ecy.wa.gov.

Sincerely,

Robert W. Warren, P.Hg., MBA
