

Camp Bonneville Environmental Cleanup

Comment Period Extended to November 15, 2005

Based on public request, the Department of Ecology is providing an additional 30 days for comment on the draft Remedial Investigation and Feasibility Study Report for Remedial Action Unit 3.

The report describes site investigation work done at the areas of the facility where munitions and explosives of concern (MEC) have been found in soil. The report also describes the study methods and results of a qualitative risk analysis of the MEC present on the site, evaluation of potential cleanup action alternatives, and the recommended cleanup actions for the site.

If you have special accommodation needs, please call (360) 407-7170 voice, 1-(800) 833-6388 or 711 (TTY).

You are encouraged to review and comment on these documents!!
