

## DETERMINATION OF NONSIGNIFICANCE

**Description of proposal:** Ecology is conducting an interim action (IA) for a petroleum release that occurred at the Moxee POTW Cleanup Site. The IA is intended to reduce contamination in soil and groundwater at the Site impacted with gasoline to concentrations below toxicity-based cleanup levels in all affected media throughout the Site. The cleanup activities include *in situ* soil and groundwater treatment through chemical oxidation and enhanced bioremediation, followed by compliance monitoring.

**Proponents:** Washington State Department of Ecology

**Location of proposal, including street address if any:** 7520 Postma Road, Moxee, at the intersection of Highway 24 and Postma Road.

**Lead agency:** Washington State Department of Ecology

**The lead agency for this proposal has determined that it does not have a probable significant impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.**

There is no comment period for this DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 30 days from the date below. Comments must be submitted by December 5, 2014.
