Dear Mr. Reeves:

On November 19, 2014 the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person (PLP) for a release of hazardous substances at the above mentioned site.

The 30-day comment period on this preliminary notice expired on December 20, 2014.

We have received your written notice accepting liability for the site. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at Roy Farms ASTs. On the basis of this finding, Ecology has determined that Roy Farms, Inc is a Potentially Liable Person (PLP) with regard to Roy Farms ASTs Site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, Jason Shira, will contact you with information about how Ecology intends to proceed with the cleanup at this site.
