 Subject: RE: Ecology Contact Info (ERTS 647663)

Hi Jim!

I got your message yesterday.

I'm not sure we need much more on this incident. We are pretty sure the source was from the Spencer Industries site, which we know has a chlorinated solvent plume going into the street there.

Department of Ecology - Environmental Report Tracking System

ERTS # 647663

As far as we're concerned, we would update our database and site file with any further information you have obtained.

I'm attaching our data summary sheet for the site.

Sincerely,

Donna Musa
