June 10, 2015

TO: TCP File – Proctor Station

FROM: Carol A. Johnston  
TCP Southwest Regional Office LUST site manager

SUBJECT: Initial Investigation: No Further Action Determination  
Proctor Station  
2720 N Proctor St  
Tacoma, Pierce County, Washington 98407  
Facility Site ID: 5391  
Cleanup Site ID: 12395  
UST ID: 620222

Ecology has determined that no further action is necessary (at the Initial Investigation stage) due to an independent remediation action.

This determination is based on the following report:

- *UST Decommissioning and Site Remediation Report*, Eco Compliance Corporation, August 1, 2014.

This report provides sufficient documentation that this cleanup was compliant with MTCA requirements. All confirmation samples in soil were below Method A cleanup levels. All contaminated soil was removed and disposed of properly.

This determination applies only to the petroleum release documented in the above report.
