

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The proposal includes installation of a dual phase extraction system including system wells, monitoring wells, trenching, and equipment installation. The proposal also includes operation of the system for the duration of the project. The proposed project will be a major component of the final cleanup action plan for the environmental cleanup of the Phillips 66 Renton Terminal site, also known as the ConocoPhillips Renton Terminal site.

Proponent: Phillips 66 Company, ExxonMobil Oil Corporation

Location of proposal, including street address, if any: 2423 Lind Avenue SW, Renton, WA

Lead agency: Department of Ecology

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 30 days from the date below. Comments must be submitted by August 21, 2015 to September 21, 2015.
