August 14, 1992

CERTIFIED MAIL  
P 868 668 743

Mark and Sherry Morin  
180 Snowden Road  
White Salmon, WA, 98672

Dear Mark and Sherry Morin:

RE: Determination of Potentially Liable Person Status

On June 23, 1992 the Department of Ecology (Ecology) sent you written notice regarding your proposed status as a potentially liable person for a release of hazardous substances at the Town Pump site located at 521 East Jewett Boulevard, White Salmon, WA, and that credible evidence exists indicating that a release of a hazardous substance has occurred at this site. The 30 day comment period on this preliminary notice expired on July 23, 1992.

We have received no comments from you as of August 12, 1992. Based on the information available to date, Ecology finds that credible evidence exists which supports your status as a potentially liable person for the release at the Town Pump site. On the basis of this finding, the Department of Ecology has determined that you are a Potentially Liable Person (PLP) with regard to the Town Pump site.

Your rights and responsibilities as a PLP are outlined in Chapter 70.105D RCW, and WAC 173-340. Ecology's site manager for the facility, John Wietfeld, will contact you with information about how Ecology intends to proceed with the cleanup at this site.

If you have any questions regarding this notice, please contact John Wietfeld at (509) 454-7836.

Sincerely,

Anthony W. Grover  
Section Manager  
Toxics Cleanup Program  
Central Region
