Dear Mr. Noonan:

RE: Glacier Park Facility

After a thorough review of the files for this facility I have determined that there is sufficient cause to manage the facility as two separate sites. I have designated the sites in Ecology files as Glacier Park East (Chevron, Motteler, Wedeberg, Boyd and Burlington Northern) and Glacier Park West (Shell Oil, Budget Fuel, and Burlington Northern) depending upon which side of Highway 209 the property lies. This splitting will enable the respective PLPs to focus upon the property which they controlled and have responsibility.

If you have any questions concerning this decision, please feel free to contact me at (509) 454-7823.

Sincerely,

Donald W. Abbott  
Site Manager  
Toxics Cleanup Program
