

# **SITE HAZARD ASSESSMENT**

## **Assessment not completed**

Thursday, October 29, 2015

### **SITE INFORMATION:**

Fruehauf Trailer Services  
9426 8th Avenue S  
Seattle, WA

Cleanup Site ID: 8543

Facility/Site ID: 27446996

Section: 32

Latitude: 47.51783

Township: 24N

Longitude -122.32278

Range 4E

### **Alternate Site Names:**

N/A

**Site Owner:** South Park Industrial Properties, LLC

**Owner Address:** 165 NE Juniper Street #100  
Issaquah WA

### **REASON ASSESSMENT WAS NOT COMPLETED:**

Insufficient information was available to complete an assessment. There was no analytical laboratory data available for review to confirm the presence/absence of the potential contaminants of concern.

It is unclear from the documentation provided whether the chemical of concern at the Site is cis-1,2-dichloroethene, trans-1,2-dichloroethene, or the combined total. It is scored in Worksheet 5 as cis-1,2-dichloroethene as more toxicity data was available for this chemical; however, using the values for trans-1,2-dichloroethene would not change the scoring of this Site. Additional chemicals that may be present at the Site but not listed on Worksheets 5 and 6 would not change the route scores.
