Re: Termination of Voluntary Cleanup (VCP) Agreement for the following Site:

- **Site Name:** Snoqualmie Falls Hydro Project
- **Site Address:** Snoqualmie, Washington
- **Facility/Site No.:** 9205564
- **VCP Project No.:** NW1928

Dear Mr. Rork:

The Department of Ecology (Ecology) is terminating the VCP Agreement governing Project No. NW1928. The project involved the cleanup of the Snoqualmie Falls Hydro Project property. The effective date of termination is the date of this letter. We are providing this notice in accordance with the terms of the Agreement.

Reason

Ecology is terminating the Agreement because we understand that you have not performed any cleanup activity at this site since June 18, 2010, when we sent you a letter requesting an update on the status of your cleanup and your plan for completing the cleanup. As a result, we have decided to terminate the Agreement from the VCP.

Next Steps

Based on this decision, Ecology may take one or more of the following steps:

1. Send you an invoice for any costs remaining on your account. In accordance with the terms of the Agreement, you remain responsible for any costs incurred by us before the effective date of termination.
2. Conduct a site hazard assessment (SHA) and rank the Site for further action.

3. Identify those persons we find potentially liable for cleanup of the Site.
4. Initiate discussions for an agreed order or consent decree that will govern further action at the Site.

Contact Information

Ecology is committed to working with you to accomplish the prompt and effective cleanup of the Site. For more information about the VCP and the cleanup process, please visit our web site at: www.ecy.wa.gov/programs/tcp/vcp/vcpmain.htm. If you have any questions about this opinion, please contact me by phone at (360) 407-7244 or e-mail at nmad461@ecy.wa.gov.
